SELF-CONTAINED PORTABLE SHOOTING LAB

TEMPORARY OR
PERMANENT
SPACE

CyberNational's PORTABLE SHOOTING LAB is intended for those applications where existing space is at a premium. Our portable lab may be used as temporary space until construction of permanent facilities is complete, or as a permanent, self-contained facility.

Shipped complete and operational, you simply provide 208/240 VAC @ 60 amps, water and drain connection (if required.)

**Don't have
enough space?**

Add a Room!

It is available as an insulated 8' x 8' x 20' (or 40') steel container and is equipped with electrical, lighting, ventilation, personnel door, air conditioning/heating, ammunition cabinet & telephone connection. The 40' configuration may also be equipped with office and/or lab benches for microscopes, bookshelves, IBIS/NIBN equipment, etc.

CUSTOMIZATION TO MEET ANY REQUIREMENT.
